

Index to *Colorado Families: a Territorial Heritage*

The history of this book was related in the May 2024 issue of the quarterly (Volume 85, Number 2, p. 33). The book was put together with contributions from pioneer descendants. Obviously it cannot contain information on all of the earliest settlers, those prior to 1877, but would be very helpful to anyone who does find an ancestor listed in the index.

It is formatted with a surname alone, followed by given names in a listing in the column after that. Example:

AALBU

Jarl Dennis, 400

Jill Kristine, 400

Sharon Louise, 400

Stacy Dianne, 400

AAMODT

Donna Mae, 86

Harry Munthe, 86

Searching

The best searching technique is to search only for a surname. You would also be able to browse the index as you would a book index in case spelling variations are an issue.
